Meet & Confer is coming to the Department of Public Safety. You need a voice to bargain for you in the process. Civilian employees of DPS have unique issues apart from sworn members of the Department. The Arizona Labor Council anticipated such needs and structured its local bargaining units so each segment of an agency would be fairly represented by members of that group. At DPS, the DPS Labor Council wants to represent you at the bargaining table. As a civilian employee, you will have equal voice in the contract developed by the DPS Labor Council.
